

## MUCH ACTIVE WORK IN THE CAMPAIGN

POLITICS ENGROSS MUCH ATTENTION IN WISCONSIN.

**LaFollette Is Loyal To the Republican Ticket and Will Speak in Its Support—Contest For the Senatorship Is the Chief Element of Interest—Judge Webb's Prospects.**

The Milwaukee correspondent of the Chicago Tribune reviews the political situation in Wisconsin at considerable length. He finds that although on the surface the campaign is rather apathetic, still, within the ranks of the republican party there is a great amount of activity. The election of the republican state ticket is conceded by all, and the hot fight of the campaign is being made on the legislative tickets in all the districts and the congressional ticket in the Second and Fourth districts.

The democrats have practically abandoned the fight on the congressional tickets in all the other districts, and are concentrating their efforts for the election of Jones in the Second and Joseph G. Donnelly in the Fourth.

The democratic campaign managers practically admit the republicans will elect enough members of the legislature to give them a vote of ninety on the joint ballot. Within the republican party the contest is over the senatorship, and in this contest there is as deep a game of politics being played as has ever been brought off in the state of Wisconsin.

**La Follette Is Loyal**

Since the close of the campaign for the nomination for governor the one question with the politicians has been, What will La Follette do? La Follette is not dead; he is not out of politics. He is too shrewd a politician to sulk in his tent, and he will be on the stump and make a few speeches during the campaign. This movement of his will have greater significance than has anything which he has done in a political way during the last two years.

**The Senatorship**

The real contest is over the United States senatorship, and if the signs do not fail Mr. La Follette's friends are going to play a card in that contest which will give them strength in the section of the state where they most need it, and which will eventually place the La Follette faction of the republican party in the saddle.

Thus far the contest for United States senatorship is confined to Joseph V. Quarles, ex-Congressman Cook, Congressman J. W. Babcock and ex-Congressman Isaac Stephenson, with the latter two leading. They will not be the only candidates, however. Judge Charles M. Webb, of Grand Rapids, will also be a strong candidate, and if the cards which are being prepared in his behalf are successfully played he will capture the toga.

**A Promising Dark Horse.**

While Mr. Webb is not a pronounced candidate, and is not actively seeking the nomination, still a number of his friends are at work in his behalf, and it is certain that when the time comes the Seventh judicial circuit will be a unit in his favor, and that he will also have strong support in Chippewa, Eau Claire, Clarke, Jackson, Fond du Lac, Shawano, Langlade, Marathon, Lincoln, Taylor, Price and other of the northern counties of the state.

It is known that General Bryant, the La Follette manager, is also favorably impressed with his candidacy, and it is claimed will work in his interests. It is pointed out that in the event of the La Follette forces going to the support of Judge Webb for the senatorship much will be done to heal the breach between them and the men in the northern part of the state who control the politics of that section.

**Where LaFollette Is Strong**

La Follette is strong in the south and southwestern portions of the state, but although his friends have made repeated and determined efforts to break into and secure delegates in the northern counties, they have met with but indifferent success. Should they throw their strength to Judge Webb there is no doubt but that his influence would in a large measure counteract any anti-La Follette sentiment which exists in the counties in which he is strong.

With General Bryant favoring the candidacy of Judge Webb, there is every indication that Mr. La Follette will also throw all his influence in that direction. Up to the present time it has been taken for granted that the LaFollette support would go to ex-Congressman S. A. Cook. There will be a large portion of this support go to Mr. Cook at the outset of the contest but every day makes it clearer that while Mr. Cook is still a candidate he is no longer a strong factor in the race and much of the support which he will get will be lukewarm and will leave him early in the fight. As soon as it becomes evident that he is entirely out of the race it is proposed to switch this support to Judge Webb.

**Working Like Beavers.**

The friends of Judge Webb have been doing a large amount of corresponding in his behalf, and the support which his candidacy is receiving in all sections of the state has made him hopeful of his success.

While there is a great amount of work being done in the interests of Judge Webb, the other candidates are not idle. Isaac Stephenson and Congressman J.

W. Babcock are especially active in their senatorial campaigns, and it is conceded that either one of these, and probably Mr. Stephenson, will lead on the first ballot for the senatorship. But it is claimed that neither will have such an advantage of the other that he can claim any cinch on the toga.

It is this battle for the senatorship that is making legislative contests in the state so warm.

## ALL QUIET AT VIRDEN

No Negroes Brought In, But Several Carloads Are Waiting a Chance.

Virden, Ill., Oct. 15.—[Special]—No attempt has been made to bring in the negroes this morning. It is thought that several carloads of them are in various parts of the state ready to be shipped in as soon as vigilance is relaxed. All is quiet today. Two more companies of militia arrived last night.

Virden, Ill., Oct. 15.—A charge of conspiracy to murder and murder has been brought against the officials of the Chicago-Virden Coal company and the guards employed by them. This is the first move on the part of the strikers to take the fight against the mine owners into the courts.

The complaint was filed by Virgil Bishop, a Virden miner. The names mentioned in the complaint are: Fred W. Lukens, superintendent of the mine; T. J. Loucks, president of the company; — York, vice president of the company; H. Gutgesell, Thomas McEntee, O. G. Snyder, James Sickles, Frank Wilder, John W. Moonan, C. J. Harman and J. H. Smith.

The warrant was sworn out before Police Magistrate O. J. Roberts, who is also foreman of the coroner's jury, now conducting the inquest. William Ritty, the town marshal, did not serve the warrants. A consultation between Col. Young, Capt. Craig and the city authorities was held, and a strong hint given to the town marshal that he would not be allowed to jeopardize the peace of the community by arresting Superintendent Lukens and his men in the stockade.

There seems to be a willingness on the part of both parties to let matters cool down somewhat, and unless the persistent rumors that the coal company intends to get the colored employees into the stockade prove true, no further bloodshed is expected. A strict guard has been established around and within the stockade.

Superintendent Lukens and his guards are all virtually prisoners of Col. Young and his troops.

Superintendent Lukens would say little about the warrant sworn out against him.

"They were the aggressors," he said, and attacked us. For weeks they had been threatening our property and lives and we did nothing but defend ourselves. We acted strictly within the law and do not feel any apprehension about the outcome."

It is being generally discussed among the miners that, in addition to the criminal prosecution, civil suits will be filed against the mining company. Their attorney said that in arming their guards and trying to force colored miners into the places of the strikers, the company officials created a condition of affairs that made it almost certain there would be loss of life. On this basis, he claims, damage suits will be brought by the families of the dead miners and by those who were wounded.

## WILL KEEP NEGROES OUT.

Gov. Tanner Increases the Guard and Gives Explicit Instructions.

Pana, Ill., Oct. 15.—Company G, Illinois national guard, of Aurora, which has been on guard here since the miners and the imported Alabama negroes participated in a pitched battle in the business streets two weeks ago, has been re-enforced by cavalry troop B of Bloomington and company F of Macomb, 200 men in all. They are equipped with a Gatling gun, sidearms and Springfield rifles, and are in charge of Maj. W. P. Butler. The troop and infantry company went into camp at Hayward's opera house, where they will remain until Gov. Tanner orders them home.

Maj. Butler's orders are to guard all entrances to the city and at every mine and prevent the landing of any negroes or imported labor from other states; to preserve peace and protect life and property of bona fide citizens and disarm every person having arms. Perfect order prevails.

**Gov. Tanner Makes New Law.**

Springfield, Ill., Oct. 15.—Gov. Tanner, in an interview explaining his stand regarding the mining troubles, declared positively he will not permit the importing of laborers from other states, even though there is no law which will support him in such a course.

The executive says statutory enactment between the states protecting each from the others is necessary, but lacking legal authority he will take the action necessary. The coal company at Virden is called an outlaw by Mr. Tanner, who says he will oppose, with the national guard if necessary, the bringing in of armed bodies of men for any purpose.

## WARDEN JOHNSON AFTER THE HUNTERS

LAKE KOSHKONONG BEING CLOSELY WATCHED

Tells Local Sportsmen That He Is There For Business and Won't Tolerate Breaking of Laws—Says He Will Spring Surprise Party Soon—Hunters Alarmed.

A half dozen local sportsmen who have been at Lake Koshkonong during the past few days returned home today with a tale of woe that plainly indicates that the state authorities are after the illegal hunters there and that they propose to invite them to a surprise party that will prove a very disagreeable affair.

Game Warden Johnson, of Oshkosh, is the man who has caused all the hunters along the lake to open wide their eyes for happenings of the future.

**His War Paint On.**

Warden Johnson recently arrived at the lake dressed in war paint, and fully prepared for trouble. He at no time tried to conceal his identity, and to several of the hunters he read the riot act, telling them that fair warning was all he intended to give them, and that that wouldn't come the second time. He then stated that he intended to leave the lake, but that he would return when they least expected it. Several of the hunters were at first inclined to let Warden Johnson know that they did not fear his coming, but they were not long in discovering that it was this same Johnson who did considerable arresting and shooting around Oshkosh not so very long ago, causing the arrest and breaking up of some of the worst game law breakers in the state of Wisconsin.

**A Signal Service.**

If all reports are true they have a first class signal service established at Lake Koshkonong. When a game warden appears at any point on the lake the fact is known soon after by every hunter along its shores, and of course they govern themselves accordingly.

It is a fear of these obstacles that Warden Johnson intends to overcome, and a little surprise may now be looked for if the hunters continue to shoot in an illegal manner.

## RETURNED FROM ALASKA

Beloit Man Has Had Much Valuable Experience There.

Beloit, Wis., Oct. 15.—C. E. Jones, the well known Beloit mechanic, who left last spring to prospect in Alaska, arrived home yesterday to spend the winter. He had a long and perilous journey overland, but returns home in good health, although reduced in weight. Mr. Jones left Beloit last February with a party of four. He went to Dawson City by the land route from Rampart City. Returning, he came by the water route. He says that reports of opportunities in Alaska are fearfully exaggerated. There are paying claims, but thousands and thousands of claims are valueless. He staked out claims and left them with his partners. Edward Hively, a Beloit man, who went with Mr. Jones, is still in Alaska.

## WENT DOWN IN THE STORM AT MANACLES

DETAILS OF THE LOSS OF THE MOHEGAN

Accounts Differ As To the Loss of Life—Probably a Hundred and Seventy-three Drowned—Heroic Conduct of the Captain and Crew—Wreck Saved First.

London, Oct. 15.—[Special]—Dispatches from Falmouth give details of the wreck of the Mohegan, off the Manacles, where she ran aground and broke up in a heavy sea. She struck heavily, tearing a great hole in her bottom, slid off into deep water, and almost immediately foundered. In the sudden catastrophe most of the passengers and crew went down with the vessel. It is now reported that of all on board only forty-five were saved.

When the vessel struck, the greatest order prevailed. The crew worked nobly, and without confusion. The women were first attended to, and everybody stood by while two boats were filled with them and launched. The sea was very heavy, and it is not believed they escaped. The last seen of Captain Griffiths he was still on the bridge, and it is not known if he was saved. The reports of the loss of life vary. Lloyd's says the crew numbered 115, the passengers, 59. Another report gives these figures at 80 and 53. A third account says 170 were drowned.

The following is the list of the saved, as far as known:

Mr. and Mrs. Pemberton; two children and a nurse.  
Katharine Noble.  
Mrs. Campton Smith.  
Miss Owdehush.  
J. N. Adams.  
J. N. Metehine.  
James Smith.  
B. D. Mensella.  
Victor Rawlins.  
Alfred Warren.  
W. Breidenburg.  
A. McWhittier.  
James Ward.  
W. H. Hilsen.  
Agl. Smith.  
George Manel.  
B. D. Watson.  
J. Nicklen.  
H. Sullivan.  
Thomas Moore.  
G. W. Thulow.  
M. C. McFarlane.  
Thomas Nichols.  
Walter Whitehead.  
Frank Huntley.  
J. W. Wigington.  
Sixteen men and one woman, names unknown.  
J. A. Duncan, mining engineer of Sacramento, Cal., and his wife and child, are also among the survivors.

Miss Rodenbush, a noted singer, was leaving the country with her mother, to appear in New York. Her mother was drowned.

A dispatch just received from Falmouth says forty-eight of the passengers and crew were saved. It is reported that the Mohegan's boilers were seriously defective, and she was in no condition to make a voyage across the Atlantic.

London, Oct. 15.—[Special]—The latest advices from Falmouth say sixty-five passengers and crew of the Mohegan are saved. From a hundred to a hundred and ten are believed to be lost. The bodies of the drowned are being rapidly recovered. The cause of the disaster is a mystery.

London, Oct. 15.—The Atlantic Transport Company's steamer Mohegan, formerly the Cleopatra of the Wilson & Furness-Leyland line, which left London for New York Thursday with fifty passengers and a crew of 150, is ashore off the Lizard, between the Manacles and the lowlands.

A coast-guard message reports that the passengers are "drowning like rats."

Another account says: "Bodies are washing ashore, one being of a lady, washed to a plank, with both legs severed."

Particulars as to the disaster are difficult to obtain. It appears that when the Mohegan struck a gale was blowing, and the sea was running high. Lifeboats put off from the Lizard and from Falmouth, one returning filled with passengers. Several were drowned, however, it is reported, on the passage of the lifeboat to the shore. Another lifeboat saved six persons.

The coast at that point is extremely dangerous, and has been the scene of numerous wrecks. Some years ago there was a movement set on foot to get a lightship placed there, but it failed.

A dispatch from Falmouth says the Mohegan foundered and was probably blown ashore by the heavy east wind after her machinery was disabled.

All the Falmouth tugs went out, but none was able to approach the vessel. Later a lifeboat landed thirty of the Mohegan's passengers and returned for more. One lady died after she was brought ashore. It is reported that the position of the Mohegan is serious and that assistance is urgently needed.

According to a dispatch just received from Falmouth, out of 200 persons constituting the passengers and crew of the Mohegan only thirty-one have been saved.

New York. The steamer

Mohegan (then the Cleopatra) arrived at New York on Aug. 12 last on her maiden trip from London. She had accommodations for 125 passengers and a capacity for between 7,000 and 8,000 tons of freight and 700 cattle. Her commander was Capt. Griffiths, commodore of the Atlantic transport fleet.

She was one of the five vessels recently purchased from the Wilson & Furness Leyland line by the Atlantic transport company to replace the Mohegan, Mobile, Massachusetts, Michigan and Mississippi, which were sold to the United States government to be used as transports.

## GREEN BAY DROWNING

Harry Meredith Driven Out to Sea While Hunting and Doubtless Lost.

Menominee, Oct. 15.—[Special]—One of the saddest drowning accidents that has occurred in this vicinity in a number of years took place at Peshtigo harbor last evening, when Harry A. Meredith, a prominent citizen, lost his life by the capsizing of a boat. He, with City Treasurer H. F. Brown and S. B. Anderson were on a hunting trip. Sanderson and Meredith put out in small buck skiffs, and were blown out into the bay by the heavy winds. Sanderson succeeded in reaching the shore in an exhausted condition. Meredith was never seen after he was left by Sanderson. A thorough search of the bay failed to reveal tidings of the boat or man. Meredith leaves a wife but no children.

## FRICKE STEPS DOWN AND OUT

Insurance Commissioner's Last Day In the State's Service.

Madison, Oct. 15.—Yesterday was the last day of Insurance Commissioner Fricke's term, he having resigned to take a position with a Cincinnati insurance company. The commission appointing Emil Giljohann, who has for the past four years been deputy commissioner, to the head of the department, was signed by Governor Scofield this afternoon and carried to the insurance department by Commissioner Fricke.

At Dr. Fricke's request an examination was made of the books of the insurance department by Experts Bartz and Gilman on behalf of the governor, and at the end of the last entry in the cash book they signed a statement that they found everything correct. Dr. Fricke's administration of the insurance department has netted to the state in fees and taxes \$724,884.55. Besides this, there is still due but secured by bonds and deposits \$28,254.05. This is an increase of income to the state from this department over any four years of \$203,355.21. Dr. Fricke will start for New York of which district he will take charge, tomorrow, and will begin his duties there October 20.

## PEACE TERMS ARE MAKING PROGRESS

COMMISSIONERS ARE COMING TO UNDERSTANDING

Since Spain Has Learned That the Americans Cannot Be Bluffed She Has Become More Tractable—Knows She Must Surrender Her Colonial Possessions.

Washington, Oct. 15.—[Special]—The proposed recall of Blanco from Havana by the Spanish government excites little interest here. A change in captain general will not affect the status of affairs there, but may work an improvement in the physical conditions of the city. Blanco has paid no attention to sanitary conditions, and as a consequence the city is filthy beyond expression. The purification of the town will be the first work of the Americans when they assume control. It is believed that by proper drainage and attention to hygienic laws the yellow fever can be banished from the city if not from the island, and an effort will be made to bring about this result as soon as our troops take possession.

## MAKING GOOD PROGRESS

Negotiation For Settlement of War Problem Proceeding Satisfactorily.

Paris, Oct. 15.—[Special]—The Spanish-American peace commissioners are rapidly approaching an agreement. Since the positive rejection of Sagasta's demand that Spain shall retain absolute control of the Philippines the Spaniards have seen the futility of a policy of bluster, and are endeavoring by conciliatory means to save as much as possible from the wreck of the colonial possessions of the kingdom. Many disputes are arising, but the American commissioners are firm in their attitude and confident that they will be complied with.

## CHARGED WITH OUTRAGES

**New Episcopalian Diocese.**

Washington, Oct. 15.—Church unity was again the absorbing topic before the house of deputies of the Episcopal convention Friday. A resolution was adopted creating a new diocese of the northern part of the present diocese of Indiana, and Spencer Trask, lay delegate from Albany, N. Y., presented a resolution that appropriate steps be taken to secure an amendment to the constitution which shall give power to congress to establish uniform laws of the subjects of marriage and divorce.

Dalton, chief of the imperial defense commission, is in Montreal completing plans for the fortification of the cities. **Illinois Men Convalescing.**

Newport News, Va., Oct. 15.—The Illinois men at the Josiah Simpson and the Field hospitals at Fort Monroe are convalescing rapidly, and the next week or so will see some of them returning to their homes. Over a hundred men will leave the hospitals next week, and others will follow as rapidly as they recover sufficiently to travel.

**Three Indians Surrender.**

Walker, Minn., Oct. 15.—Three of the hostiles practically gave themselves up Friday, but will be allowed to return in order to persuade others to come in. Bog-Ah-Mah-Ge-Shig still holds out, but will be brought in by the Indians themselves.

COSTUME WITH POLONAISE DRAPERY FROM HARPER'S BAZAR

Polonaises, or modifications of them, which are seen on many of the imported gowns from Paris, are often simulated by long apron effects, which may be of the same or of a different material from the skirt since tunic over-dresses in various forms are a promise of the autumn.

A typical French cloth costume in brown and blue—a combination of the season—is made with a long pointed apron front closed in the center below the waist line with several oxidized silver buttons. This polonaise drapery is short at the sides and then descends in long points towards the back, the fulness of the under circular skirt flaring out between the points in fan

effect but with no gathers or pleats at the waist. Stitched cords border the entire over-dress and trim the under-skirt in many parallel rows. The width of skirt at foot is four yards. The stylish belero coat has a straight front, buttoned double-breasted over a draped corsage of a blue peau de soie, trimmed at the throat with a knotted cravat. The broad revers are of Persian lamb, and the little turban with bird-of-paradise plume is of black velvet, furnishing with the fur a touch of black to the costume. ### CHRISTIAN ENDEAVOR WORK

Progress of the Societies is Gratifying—A Janesville Lady Honored.

Miss Fannie Jackson, of this city, who has been in Eau Claire this week attending the session of the Wisconsin Christian Endeavor Union, was yesterday appointed as a member of the resolution committee.

The reports yesterday showed that there are 535 senior societies with about 21,000 members and 250 junior societies with about 5,000 members. All these societies did not report and estimates in some cases are necessary. The report stated also that there are eleven intermediate societies and one mother's society. The report showed that the societies have given about \$6,000 to benevolences outside of missions and that about 600 have joined churches from the senior societies.

The report of Treasurer W. A. Holt, of Oconto, showed the receipts to be \$894.11 and disbursements \$58.28.

## PLOT DISCOVERED IN PARIS.

Conspiracy to Overthrow Government Officials Named in the Raid.

Paris, Oct. 15.—It is announced here that a military plot against the government has been discovered. The *Rappel*, *Aurore* and *Petite République Française* published almost identical stories of the subject.

It appears that the plot was discovered by a general holding an important position. The conspirators were to have taken action Saturday, during the absence of the minister of war, Gen. Chanoine. It further appears that when the government was warned of the plot the ministers were not surprised, having already obtained information regarding it.

The *Matin* says the plot was not in favor of one of the pretenders to the throne of France, but was only for the purpose of removing certain officials of the government without touching the president.

## QUARLES' FINE SPEECH.

J. V. Quarles, of Milwaukee, recently delivered a stirring campaign speech at Manitowoc. The speaker was introduced by Lieutenant-Governor Baensch as a man whose voice might yet be heard in the United States senate, and the Milwaukee man was received with much enthusiasm by the audience. Mr. Quarles punctured the argument of former Attorney General O'Connor and showed the unfairness of the democratic speaker's attack on Governor Scofield.

Mr. Quarles read from Supt. W. J. Scott's report to show that the cost of the state government had been less under the republican administration than under the Peck administration. The record vindicated the thrift, the economy and the honesty of the republican administration. The sleeping car and the express bill votes were given some attention. Mr. Quarles said he thought Governor Scofield was right in his interpretation of the law that the bills had not been properly passed. But the governor was in favor of the legislation contemplated in the bills. If he was not, why in the name of common sense had he recommended in his veto message that the legislature take steps to properly enact the law?

Mr. Quarles appealed to Gov. Baensch to substantiate what he had said in regard to the passage of the bills. He said Gov. Scofield was an honest man, a good governor and a gentleman. The shafts of democracy were directed against him because the people of Wisconsin had repudiated the free-silver heresy and it was easier to lie about a man than to juggle with facts.

Mr. Quarles spoke the truth. As Gov. Scofield said, his record "is an open book," and the people knew all about it. The record of the free silver democracy is an open book, too, and the people know all about it, also. Democrats note the contrast with alarm and hence seek to dodge the issue.

## TO SMASH SILVER MACHINE.

Nine-tenths of the democrats in Rock county have no heart in the silver campaign. They know that the theory is all wrong. But the state silver machine makes the Rock county silver machine dance, and in turn the Rock county silver machine makes the democratic voter dance. This fall, however, it will be different. The democratic voters are rebelling against the silver machine, and before to be free agents when election day comes. This is the reason the silver machine tries to hide the issue. The machine knows that the silver cause is unpopular, but hopes to herd the voters in by telling them that a vote for silver is not a vote for silver. Such

conspiracies always fail, however. The voters know black from white, and the silver machine is doomed to destruction.

Pay no attention to the words of the Bryanites. They are simply trying to cloak the fact that their sole desire is to get votes for free silver and anarchy by diverting attention from the main issue.

The democratic ring—or triangle, more properly, perhaps—was so busy packing the democratic convention for the ring-head of the ticket, that it neglected to nominate a county surveyor or a coroner.

The democrats try to make out that the republicans are the only people who use passes, yet it is safe to say that there isn't a democrat in Wisconsin that can get a pass that has not done so.

The democrats say that railway passes are "bribes." This being the case, isn't Judge Sawyer's explanation that he "accepted passes in payment for services" a little inconsistent?

The republicans of Rock county are republicans from principle, and the democrats do not pay them a compliment by thinking they can be misled by meaningless clatter.

District Attorney Jackson has sent more offenders to Waupun than any man who ever held the office. He is the kind of a public servant that the people like to employ.

The three men who run the democratic party in Rock county all ride on railway passes notwithstanding all the hue and cry they raise.

Of course the Bryanites say the republicans are all wrong, but they have never been able to back the assertion with facts.

Fine language butters no parsnips, as the Wisconsin Democracy will learn to its cost.

## WILL MUSTER OUT HERE NEXT WEEK

### FIRST REGIMENT PAYMASTER COMING

Troops To Be Paid Beginning Next Monday and All Will Be Happy—Companies K and L Were Examined Yesterday—Work Won't Take Long When Once Under Way.

Members of Co. A, First Wisconsin Regiment, were highly elated today on learning that the mustering out of the First Regiment will take place next week, and that there is now not much doubt about it.

Capt. Andrus will be the officer to visit Janesville and muster out the boys. In the blanks used each soldier's record is written up in full—when he entered the service, whether he was sick, whether the sickness has left him in poor condition. These blanks will be sent to the pension department.

Whether the members of Co. A will be willing to again enter the National guard has not been definitely decided, but it is understood that three-quarters of the members are willing to go in.

The Paymaster Coming  
Major George J. Fay has been appointed to pay the First Wisconsin Infantry at Milwaukee and eight other towns, which includes Janesville, to be mustered out Oct. 19.

Capt. Andrus, of the Fifth cavalry yesterday received notice that a paymaster would arrive in Milwaukee yesterday from Chicago and that the work of paying off the various companies will begin at once. Most of today will be needed to prepare for the muster out and look over the pay rolls and it is believed that by this evening the plans for next week's work will be complete.

### A Week Will Be Needed.

It will take the early part of next week to muster out the four Milwaukee companies, I, K, L and M, and after that Capt. Andrus proposes to begin his work among the First regiment companies in the interior of the state. It will be necessary for him to take Maj. H. E. Bradley with him to make the physical examinations, after which the soldiers will be paid off and mustered out. The work in the state companies of the First regiment will require perhaps ten days, so that it will be impossible to get the regiment mustered out by Wednesday night, up to which time the pay rolls are made out. Capt. Andrus says that much of the delay has been due to some of the captains failing to make out correct pay rolls.

As soon as the First regiment is mustered out, work on the Second Wisconsin will begin. Nov. 10 has been set for the work and it is expected that there will be less work in mustering out the Second because of the experience gained in the First.

### BASEBALL SEASON ENDS.

Last Games in the National League Played Today.

Cleveland presented Chicago a clean title for fourth place by losing to Louisville yesterday. The closing games will be played today, and in consequence of the rainy weather yesterday there will be double-headers almost everywhere on the circuit.

The clubs in general finish about as might have been forecasted in mid-summer, but a few shifts occurred in the closing fortnight. Philadelphia worked out of the second division, displacing New York. Chicago supplanted Pittsburg. Louisville had to climb too high a hill to surmount Pittsburg. The final fight between Boston and Baltimore was hardly interesting, as the champions had a commanding lead. Cincinnati slumped to about the position it deserved. Cleveland would have been a pennant contender but for its expatriation. The men weakened the strain for a time, but weakened noticeably at the close and could not give Chicago an argument for the place.

The second division clubs finish about in the order of their present apparent strength, except for Louisville, which improved startlingly near the close.

Every game yesterday was postponed by rain or wet grounds except two at Louisville, where the home team divided victories with Cleveland.

Scores:  
Louisville ..... 2 0 0 1 5 4 2 0 \*—13  
Cleveland ..... 1 0 0 0 0 0 0 1—14

Second game:  
Game called on account of darkness.  
Cleveland ..... 2 1 0 0 0 3—3  
Louisville ..... 0 0 0 1 2 0 1—4

Games Today—Chicago at Pittsburg (two games), Cleveland at Louisville, Boston at Baltimore (two games), Brooklyn at Philadelphia (two games), Washington at New York (two games).

### Welding Out the Regiment.

San Francisco, Cal., Oct. 15.—Gen. Merriam has issued an order appointing Col. Wholley, at Washington; Maj. Rice, California heavy artillery; Maj. Metcalf, Twentieth Kansas; Maj. Bayless, First Tennessee; and Maj. Carr, First Washington, a board to examine into the capacity, qualifications, conduct, and efficiency of Capt. J. M. Tower and C. N. Watson of the Kansas regiment. It appears that the efficiency of these officers has been questioned and under the provisions of congress, with the approval of the colonel commanding, such a board may be appointed by the department commander.

## THREE PLEASANT SOCIAL AFFAIRS

### NOVEL ENTERTAINMENT AT COURT STREET CHURCH

The "Look Ahead Social" Was Pioneered a Success—Good Templars Have An Open Session—Young People Hear the Graphophone at The Presbyterian Church.

The "Look Ahead Social" at Court Street church last evening, was largely attended. It was in many respects a novel entertainment. Short addresses were made, each speaker taking up some department of the church work, telling of its importance to the church life and its outlook for the future. Those who gave the practical helpful talks were S. D. Conant, Prayer Meetings; Miss Jennie Tilton, Woman's Foreign Mission Society; Mrs. F. A. Bennett, Ladies' Aid Society; J. L. Hay, Music Committee; Mrs. C. A. Hunt, Church Benevolences; C. Sandell, Epworth League; S. C. Burnham, Sunday School; H. F. Bliss, Social and Sociabilities. Two vocal solos, "Creole Love Song," by Miss Grace E. Hall; and "In Absence," by Mrs. Christine P. Hawley, added greatly to the evening's enjoyment. Miss Ada Pond played the accompaniments. After the formal portion of the evening's program was concluded light refreshments were served and an hour was spent in general sociability.

### Good Templars Entertain.

The local Good Templars held an open session of their lodge last evening. A literary program in charge of Mrs. G. L. Stratton occupied the greater part of the evening. Readings were given by Miss Hattie Ward, Miss Lillie Dunn, a vocal solo by Miss Emma Sisson, a vocal duet by the Misses Grace and Olive King, recitations by Miss Clara Sisson, Miss Gertrude Masterson and Miss Bessie Graves and remarks by G. L. Stratton.

An informal session followed during which games were played and social interchanges indulged in. The program committee consisted of Mrs. G. L. Stratton, Miss Hattie Ward and Edson Baker.

## PLANING TRUST NOT KNOWN HERE

### THE LOCAL MILLS ARE NOT INCLUDED.

The D. K. Jeffris and The Proprietors of the Phoenix Planing Mill Say They Are Opposed to the Combine—Twenty-four Plants Taken In—What Effect It Will Have.

Local planing mill owners have evidently been left out of the big combine alleged to have been formed recently, including all the mills in the northwest. Whether or not the Janesville mills were considered important enough to include is another question.

The plan is to combine twenty-four plants, involving about \$15,000,000 in capital, located in Illinois, Wisconsin, Michigan, Minnesota and Iowa. Mills of Oshkosh, Fond du Lac, Merrill, Wausau and Milwaukee, of this state, are included, but not one of the two large mills of Janesville are in the deal, and The Gazette learns from the proprietors that not one of them will enter and they have not been invited to do so.

An Oshkosh Plan.  
The plan, it is said, originated with the Pine Lumber company of Oshkosh, and a Michigan company. A telegram from Oshkosh states that the sash and door men of that city admit the existence of the twenty-four plant amalgamation some reported planing mills in the northwest and state that it has been proceeding since last May. Minor difficulties have been met and overcome and the plan bids fair to be successful, although it may take several months yet. It is understood that an English syndicate is expected to furnish most of the \$15,000,000 necessary to obtain control of the individual plants.

Will Have None of It.  
David K. Jeffris, in speaking of the alleged combine, said that he was in total ignorance of any such combine as far as his mill was concerned. If such a trust has been effected they have not approached him on the subject.

"We have not even been approached on the subject," said James Fifeild, of the Phoenix mill, this morning, "and if we were we would not enter into any such deal. Those instrumental in the forming of the alleged trust deny its existence."

Card of Thanks.  
We wish to express heartfelt thanks to all the friends who so kindly assisted in our late bereavement.

Graphophone Party.  
At the Presbyterian church parlors last evening the Y. P. S. C. E. gave a graphophone social under charge of Mr. Charles Reeder. The evening was most delightfully spent, and all present voted the graphophone a splendid entertainer.

## DANGEROUS PRANKS BY BOYS

There is Great Risk of Life and Limb By Their Tricks.

Motorists on the electric cars report that Chief Hogan last evening that small boys in the First ward are causing them no end of trouble these dark nights. The boys insist each night on catching on the cars while they are going at full speed, and some time a most serious accident is most liable to happen. It is also said the boys amuse themselves by putting stones on the track to see how high the cars will jump. Chief Hogan says the trouble will soon be remedied.

## PRISONER NOT HER MISSING HUSBAND

### WAS FRANCES ARMSTRONG OF ROCKFORD

Broken Hearted Wife Returns Home This Morning From Chippewa Falls—Says Imprisoned Man Was An Insane Swede Who Resides in Rockford—Gives Up Hope.

When the vestibule arrived in the city this morning, a disappointed and broken hearted woman stepped from the train. It was Mrs. Addie Armstrong, of 104 Locust street, who was called to Chippewa Falls Thursday evening for the purpose of identifying a man there supposed to be her long lost husband, who left his home in Crystal Lake, Ill., in May last, while in a demented condition.

### Hope Was High.

Mrs. Armstrong felt sure the man was her husband, and from the description sent to W. H. Ashcraft, Jr., of this city, by the Woodmen of Chippewa Falls, the wife never thought about there being any mistake.

Yesterday morning bright and early she was on hand at the Chippewa Falls jail and was shown to the corridor where the prisoner sat in silence. The first glance she gave him told the whole story, that the prisoner was not the much-sought-for man.

That his name was Armstrong and that he answered the description sent out there was little doubt, but he was far from filling the bill to the satisfaction of the Janesville woman who left the jail in company with friends.

### Lives in Rockford.

The Chippewa Falls police say that from statements made by Armstrong himself there is little doubt but he resides in or near Rockford, for he seems to know the town and about everybody in it. He is a Swede, which is all the more reason that he resides in the Forest City.

## GET FLESH.

Get Strength, Vigor, Clear Complexion and Good Digestion. Not by Patent Medicine, But in Nature's Own Way.

Any honest physician will tell you that there is but one way to get increased flesh: all the patent medicines and cod liver oils to the contrary notwithstanding.

Nature has but one way to increase flesh, strength and vigor, mind and body, and that is through the stomach, by wholesome food, well digested. There is no reason or common sense in other method whatever.

People are thin, run down, nervous, pale, and shaky in their nerves simply because their stomachs are weak.

They may not think they have dyspepsia, but the fact remains that they do not eat enough food, or what they eat is not quickly and properly digested, as it should be.

Dr. Harlandson says the reason is because the stomach lacks certain digestive acids and peptones, and deficient secretion of gastric juice.

Nature's remedy in such cases is to supply what the weak stomach lacks. There are several good preparations which will do this, but none so readily as Stuart's Dyspepsia Tablets, which are designed especially for all stomach troubles, and which cure all digestive weakness on the common sense plan of furnishing the digestive principles which the stomach lacks.

Stuart's Dyspepsia Tablets give perfect digestion. First effect is to increase the appetite and increased vigor, added flesh, pure blood and strength of nerve and muscle is the perfectly natural result.

Stuart's Dyspepsia Tablets is the safest tonic known and will cure any form of stomach trouble except cancer of the stomach. May be found at druggists at 50 cents for full sized package or direct by mail from Stuart Co., Marshall, Minn.

# I Was Run Down,

## Sleepless, Nervous, Lacked Ambition and was Never Without that Tired, Listless Feeling;

### Cured by

## Dr. Miles' Restorative Nervine.

The nerves of the human body act as messengers to convey to the brain impressions of outward effects, and to convey from the brain to the muscles and organs nerve force or vital power. Without this vital power the heart, stomach, lungs, bowels, and all organs of the body would be unable to perform their functions and life would cease. When these messengers become deranged or the supply of nerve force is depleted, the best remedy to restore them to their normal condition is Dr. Miles' Restorative Nervine. It creates a good appetite, gives refreshing sleep, and cures that tired feeling. It acts on the nervous system which controls all the processes of the body, toning it up into sound and vigorous action. It overcomes the excessive wasting and puts back the lost flesh.

Lester S. Corbitt Danbury, Conn., says: "Three years ago I was completely run down, and was suffering constantly from extreme nervousness and sleeplessness. I was never without that tired feeling; my stomach was in a weak condition, and I was unable to eat the lightest food without having distressing pains. Dyspepsia and gas forming continually on my stomach made me most miserable. I had been treated by good doctors and had taken a number of advertised medicines, but to no avail. A druggist recommended Dr. Miles' Restorative Nervine and I tried it. Improvement began at once. I continued taking the remedy in connection with Dr. Miles' Nerve and Liver Pills, and I soon felt like my old self again. I can recommend the Dr. Miles' Remedies as they restored my health."

"Eight years of suffering from nervous prostration, sleeplessness, general debility, headache, overwork and heart trouble, rendered my life most miserable. I took all kinds of medicine, employed physicians and advertised preparations but none of them helped me. Finally I heard of Dr. Miles' Restorative Nervine and New Heart Cure and began using them. A few bottles of these wonderful medicines were sufficient to brace me up and they eventually restored me to good health."

Mrs. J. A. M. HANNA,

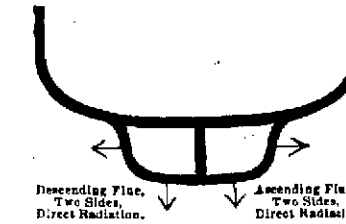

781 Tonawanda St., Buffalo, N. Y.

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle will benefit or money will be refunded. Be sure and get Dr. Miles' Nervine. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free of charge. Booklet on heart and nerves sent free. # Economy Is The Road To Wealth

## Favorite Stoves The Road To Economy

## THE OLD WAY.

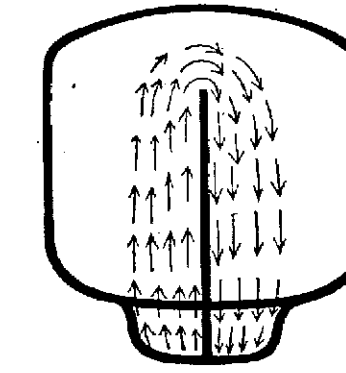

In above Flue Construction there are Four Surfaces Radiating Heat.

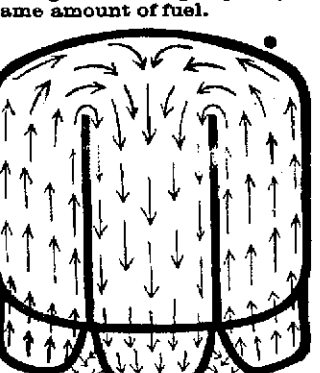

## THE NEW WAY.

In above Flue Construction there are NINE Surfaces Radiating Heat, increasing the Heating Capacity with the same amount of fuel.

Above cut illustrates the arrangement of Bottom Flues in nearly all base burners, showing the Heat is not Equally Distributed.

The above Bottom Flue Construction causes the Heat to go to the Outer Surfaces, Largely increasing the Heating Capacity and Economizing in Fuel.

The "Favorite" Base Burner has More Heating Capacity and is the Most Economical Stove ever made. Why? Because it has about 1/4 more Radiating Surface as compared with same sizes of other base burners, and is Mounted and Fitted Perfectly.

The problem of getting the most heat out of the least coal has been successfully coped with by the makers of Favorite Stoves. Most every Stove manufacturer makes this same claim for his particular heating device, but facts and figures are not forthcoming to any satisfactory degree in most cases. Favorite Stoves have all the necessary credentials to bear out the broadest claims for economy of fuel and superior heating capacity. An inspection of the Stove alone will convince you of its economical fuel merits. Its construction is far in advance of all other Stoves. Its joints are better fitted, etc. Every user of Favorite Stoves gives them the highest recommendation.

They do not get out of repair easily.

Hundreds of Favorites are now in use about this vicinity. Be sure to see them before you buy.
